you're
either an
isfj or

Neutral for question 2 was disabled if you chose neutral for Q1, because you can't be both neutral in introversion AND neutral in imagination level, due to cognitive function order.

You're
either
an isfp
or an
istp!

Because you answered 'Strongly Agree' for Q1 and 'Neutral' for Q2

(strongly disagree was disabled for Q2 if you chose Strongly agree for Q1, as you cannot be an extreme introvert and have no imagination whatsoever.

Either you are completely up in the clouds by combining your first and second cognitive functions (INFP or INTP), or you are good at quickly going back and fourth between reality and imagination in your two middle cognitive functions (ISFP or ISTP))

You're either an infp or intp!
